# MATADORBRUSH

[www.kafloor.de](http://www.kafloor.de)

## CHARACTERISTICS

## MATADORBRUSH

UV-resistant

clean with pressure washer

damp-proof

flexible

resistant to cold

for private, residential buildings

The remarkably flat design of this dirt collection mat means it cleans shoes outstandingly well. A black anodised, chamfered aluminium ramp edge takes the mat design to another level. High-quality components and fitting, low weight and a non-slip back are decisive factors for phenomenal performance. The brush bundles reliably remove dirt from the soles of your shoes. The dirt collection mat is suitable for laying on top of flooring.
